AFRICAN WORLD EXPO (AWE)

**The 30th U.S. - Africa, Business, Trade and Investment Conference.
Supported by The Nigeria Senate and Legislature.**

You are cordially invited to attend, support and participate in the above Conference.

**Thursday, August 15-Friday August 16, 2024 at the Double Tree Hotel by Hilton,
525 Lafayette Blvd, Downtown Detroit, Michigan, 48226, USA.**

For over 27 years we continue to serve as the head of one of the United States leading African Trade Organizations, the African World Expo.

The 2024 Conference will focus on U.S.- Africa common interest in expanding trade between the United States and Africa, (Nigeria in particular) especially the role that Africa's human and natural resources has played in sustaining the tremendous wealth in the global economy.

During the Conference, participants, businesses and government leaders will discuss their initiatives and projects that speak to Africa's and U.S. economic capacity, trade, export/import opportunities, and to equalize China's domination in Africa. In addition, unlock Africa's vast potential, both human and natural, that will facilitate mutually beneficial economic opportunity and growth.

Based on the current strained trade relationship between the US and China, there exist a genuine window of opportunity for Africans, including Nigerians to do business with the US. Moreover, Africa could very quickly collaborate with U.S. companies to establish a financially viable and lucrative foothold both in the U.S. and African markets through Exim Bank and the U.S. Trade and Development Agency.

Areas of focus: automotive/plastic, agriculture, pharmaceutical, health, infra-structure, export and import. Africans should also look at the opportunities to provide services in the U.S., in collaboration with U.S. companies, including Africans in the U.S. Registering a small office, warehousing and distributing African products in the U.S. retail outlets, that will create a strong presence on ground in the U.S. Such activities will link directly with their home office in Africa that will create investment, financial benefits and support.

Financial Institutions, retail stores, the automotive sector and other major corporations as well as government agencies in the U.S. will also be available to

assist in the facilitation of business deals in need of support, during the August 2024, conference.

In 1995, the State of Michigan hosted the African World Expo Trade and Business Forum, the world's largest event promoting trade and investment between Michigan and Africa. This led to major Michigan companies, for example BESSER, Barden Companies doing business with various African companies, Nigeria, Ghana, Guinea, Sierra Leon and South Africa.

NOTE: African Americans are pushing very hard to connect with Africa in the areas of Economic Development, Cultural Links, Mutually beneficial relationship/opportunities and Trade. Please join us.

African World Expo, has excellent links, relationships and connections with the business communities, organizations and government, that will provide mutually beneficial solutions and opportunities to all parties involved.
